P O T P O U R R I

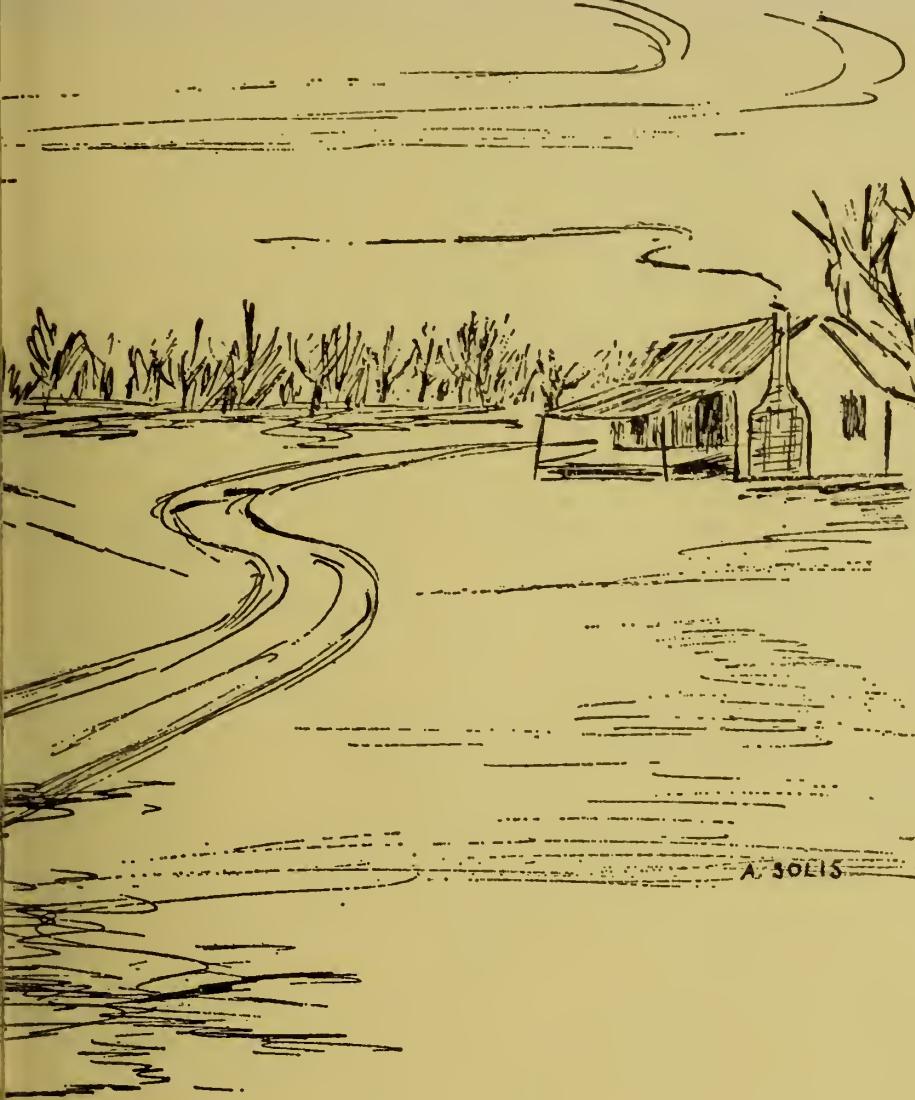

This book belongs to you, the students of Northwestern. It is an account of your campus activities during the past year. Naturally, it is impossible for us to cover every facet of your college life, but we hope that now, and in the future, you may fondly thumb through this book, recalling many pleasant memories.

NORTHWESTERN STATE COLLEGE
NATCHITOCHES, LOUISIANA

IN
THE
VERY
BEGINNING

There was a wonderland wilderness, covered with virgin forests, thriving in fertile untilled soil. Nature was generous with her bounteous gifts on this hill, and a spot of lasting beauty was created after years of earth building. It was into this mystical land that the white man first ventured in 1714. On the banks of the Red River a settlement was established—the first in the land which would later be a part of the great Louisiana Purchase. The colony of Natchitoches endured and in time became a thriving community, a focal point for businessmen and traders. As the need arose, churches and schools were established.

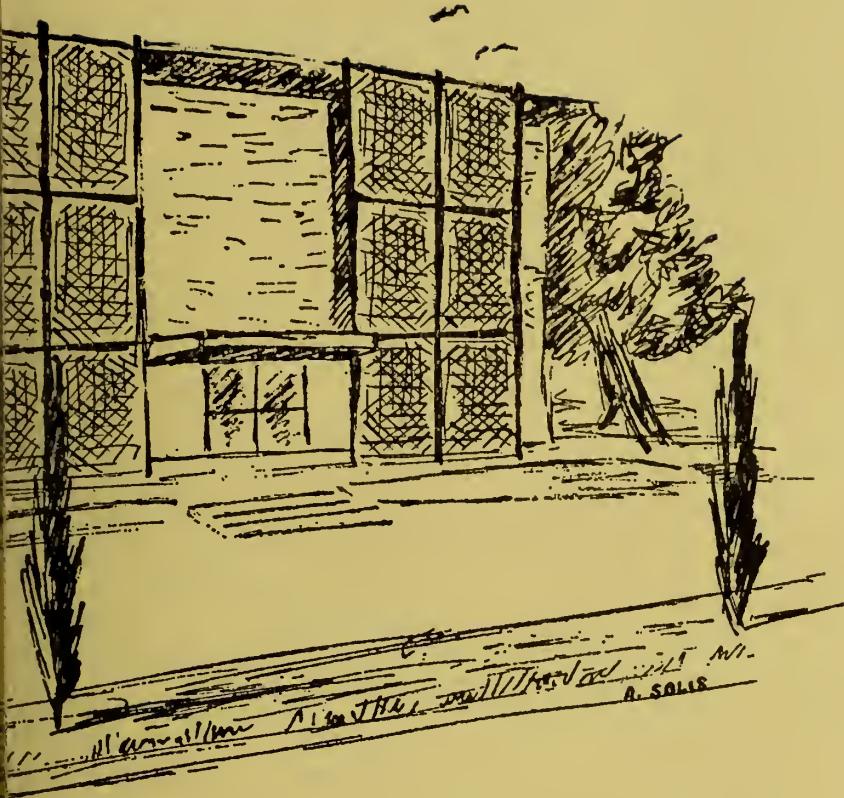

As the quest for education moved into Natchitoches, a group of soft-spoken nuns established the Convent of the Sacred Heart in 1856. The land which they acquired was a part of the old Bullard Mansion, built in the 1830's. The progress of the academy was shattered with the onset of the Civil War, and in 1875 the school was abandoned. In 1884 the Louisiana State Normal College was established on these same grounds. The initial aim of the school was to prepare students for teaching in the public schools of Louisiana. This scope was eventually broadened and in 1944 the name of the institution was changed to Northwestern State College of Louisiana.

Just exactly what is a college? Probably to each of us it has had various meanings at different times in our lives. Perhaps while in grammar school or in junior high, we thought of college as merely a place for which an older brother or sister departed each fall. Upon reaching senior high we begin to look to the future and examine the possibilities of a college education. We realize

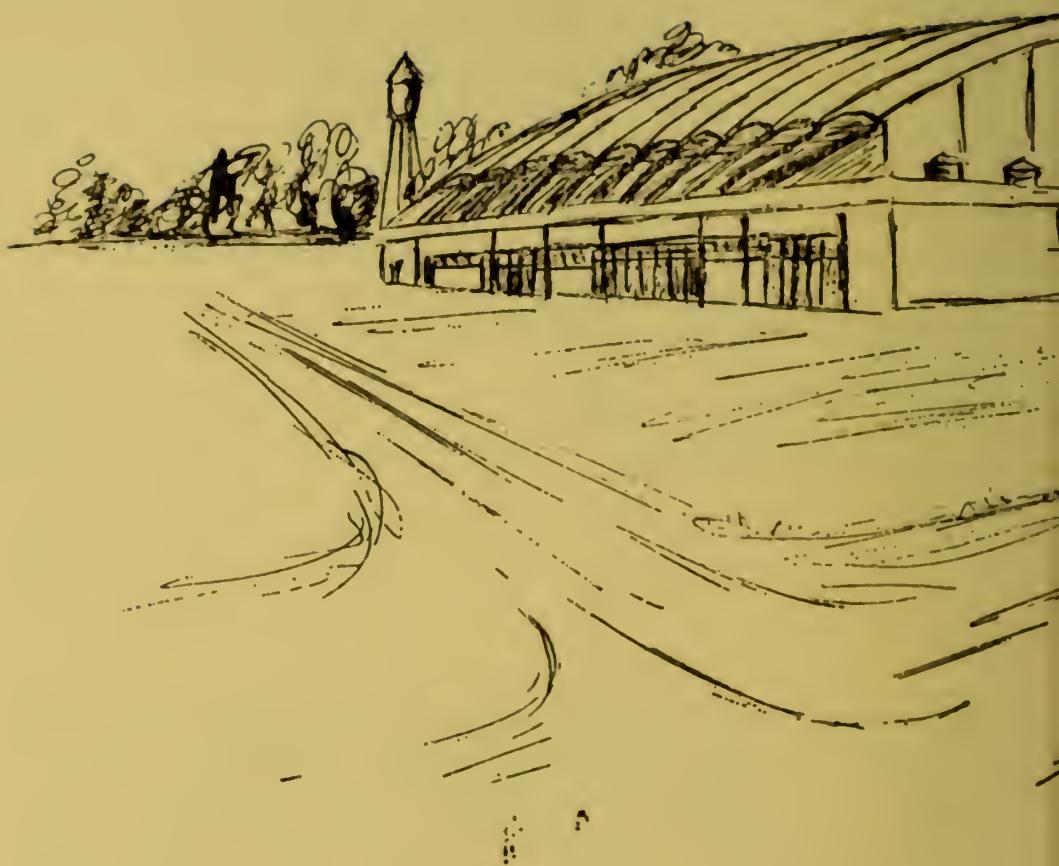

college (kol'ij), n. (L. *collegium*, community, society, guild, fraternity) 1. institution of higher learning that gives degrees. 2. Am. the academic department of a university for general instruction, as distinguished from the special, professional, of graduate schools. 3. Am. school for special or professional instruction, as in medicine, pharmacy, agriculture, or music. 4. Am. organized association of persons having certain powers, rights, duties, and purposes. 5. building or buildings used by a college.

that job opportunities and chance for success are greatly improved if we have a college degree included in our agenda of qualifications. And so upon graduation, finances permitting, we march off to one of the hundreds of colleges or universities throughout the nation.

But to the students of Northwestern this is not just one of many schools—it is our school. To many it is our home—a place to live, learn, and love. At first glance, few people have any conception of what Northwestern, or college itself will mean to them. The freshman year is spent primarily in just getting into the swing of things. Orientation, rush parties, and the Tech game help us to get acquainted with college life. On the surface we jokingly complain about the dormitories, food in the "chow" hall, and the "nutty" professors, but inwardly we feel the beginnings of a deep sense of pride in our school—its heritage, reminiscent of long ago—and its modern program for expansion, ever striving for progress in the future.

Yes, Northwestern is a remarkable institution, and we stand eagerly upon the threshold of knowledge she has opened for us. But all of the benefits reaped here will not come from books, for we are also learning how to live and work with others as an adult. This is the world of the Northwestern student.

The student's primary purpose at Northwestern is to gain an education. The desire for knowledge burns within him. It can be sensed in the air—in the scattered conversation on the way to classes . . . in the busy hum of voices in the cafeteria. It spurs heated discussions over a calculus problem or debate over an English novel. It is present in the noises and odors of lab or in the sound of children's voices as they play. The search for knowledge causes him to ask questions, to seek out answers and explanations. Northwestern exists for the student. The development of his intellect is her primary concern. It is here in her library, in her classrooms, in the labs, that he acquires knowledge and an understanding of life.

Each student through his zest for life, reflects the vividness of his personality. He is constructive and creative, welcoming challenges, winning games, setting records. He loves life; how he does what he does is the color in living. He is the spirit of Northwestern: at a football game, with flushed face and flashing eyes, filled with excitement, brimming with enthusiasm; at a basketball game, cheering himself hoarse, throbbing with hope, hushed with suspense, elated with victory. Living is experiencing the rush of emo-

tions at a sports contest, the early morning walk to classes in the rain, the laughter and confusion at the post office. The Northwestern student likes to do uncommon things and to be on his own in something new and interesting. Realizing the need for maturity and enjoying the feeling of adulthood, with wonder and expectation he looks to the future and the life it holds.

WE ENTER NOW A PERIOD OF TRANSITION AND DEVELOPMENT

When the student arrives at Northwestern, there is a new way of life waiting for him. First he gets accustomed to life in the dormitory. He selects his major field of interest and begins his active pursuit of a vocation. He makes new friends and each day is exposed to new views and attitudes on different subjects, thus broadening his scope of knowledge and understanding.

Years at Northwestern develop in the student a capacity for self respect, a concern for his fellow man, a loyalty to his school and country, and a clear conception of life's values. His maturing of character reveals itself in lasting friendships, trust and integrity. All of these experiences contribute to mold him into a mature individual, and prepare him for his place in society.

DEDICATION

Eighty years of countless students have "entered to learn—left to serve." For decades in the future students will come for this same purpose. It is to these we dedicate the 1964 POTPOURRI. To those who have passed down the college's corridors of learning pausing briefly to grasp her wisdom and ideals, contributing to her growth and leaving to enter another phase of their life. To those present who seek to achieve her purpose and work ardently that those to come may profit.

During the years spent at her fountains of knowledge come the cherished memories which linger on to become a part of the tradition of our College. Unconsciously they leave their happiness and heartache, their mode of dress, new fads and expressions, the latest song and dance. Faces and names will grow dim with time but small memories and the spirit of those who come ever linger somewhere inside her walls.

The men of the earliest year join hands with the students of today to accept this dedication. With only the sprawling buildings, streets, and campus the college could not have grown, but her students have instilled in her the breath of life in years past, present, and in the years to come. This book is rightfully dedicated to the students, the life of Northwestern.

The world of the Northwestern student is a colorful and varying one. He is the would-be scientist, on his way to perform an experiment . . . or the scholar, hurrying to a class in world literature.

*His is a world filled with the wonder and glory of
nature, in time uncensored . . .*

and the modern buildings of brick and concrete, securely poised on the threshold of progress.

*It is the fun and excitement of a homecoming
victory . . .*

and the sudden realization that we are merely products of the times in which we live. What we make of today determines our future tomorrow.

With the warm glow of Christmas lights comes the holiday spirit, but the desire to continue this spirit and fellowship should prevail throughout the whole year.

OK fellows, let's give out with the old school spirit.

REGISTRATION, FOOTBALL, RUSH . . .

But, I didn't want any Saturday classes.

The fall always brings to Northwestern a different body of students which give "new life" to the vacant buildings and grounds.

The college calendar begins with orientation activities for the "lost looking" freshmen, followed shortly by sorority and fraternity rush in the midst of traditional football activities.

This season for everyone is a busy and exciting time. Alumni renew ties of loyalty to their alma mater. The townspeople, after a lazy, quiet summer, welcome the new activity created by energetic college students. Upperclassmen return to campus happy to see old friends, and every bit as anxious as freshmen to find what the coming year holds in store for them. The faculty and administration return to their "routine" work which most often is anything but routine. The freshmen, at this time, enter an unknown world which presents a challenge to each of them to find or make a place for themselves as citizens and students of Northwestern.

Higher Sam, higher!

"DeFEET" . . . Never!

"Wish I didn't have so much work to do!"

"Welcome to the AΣA House."

THE THRILLS OF AUTUMN

Sure is great to be together again!

"Mother told me there'd be days like this."

"I want to ask her out, but I know she'll turn me down."

"Well, it was a good try anyway."

24

"Just who does that freshman think he is?"

SO THIS IS COLLEGE!

Activity, excitement, confusion, anxiety, homesickness . . . are all part of the fall atmosphere created as students mix and mingle; find new friends and engage in new activities. After critically viewing the professors and the "superior upperclassmen," freshmen soon abandon preconceived notions about college life; and they proceed to establish their place and exert their influence in our great student body.

"Hey! I see you two sneaking up there."

"HEY, how about taking my picture?"

"Humph . . . just as I suspected, I see him helping her into the car."

"Hey girls! Better put those shades down."

"No thanks, I'd rather take pictures of myself."

"Bobby, what did you put in this 7-up?"

the whole fam

The team selected this beauty to be their queen.

FOOTBALL . . .

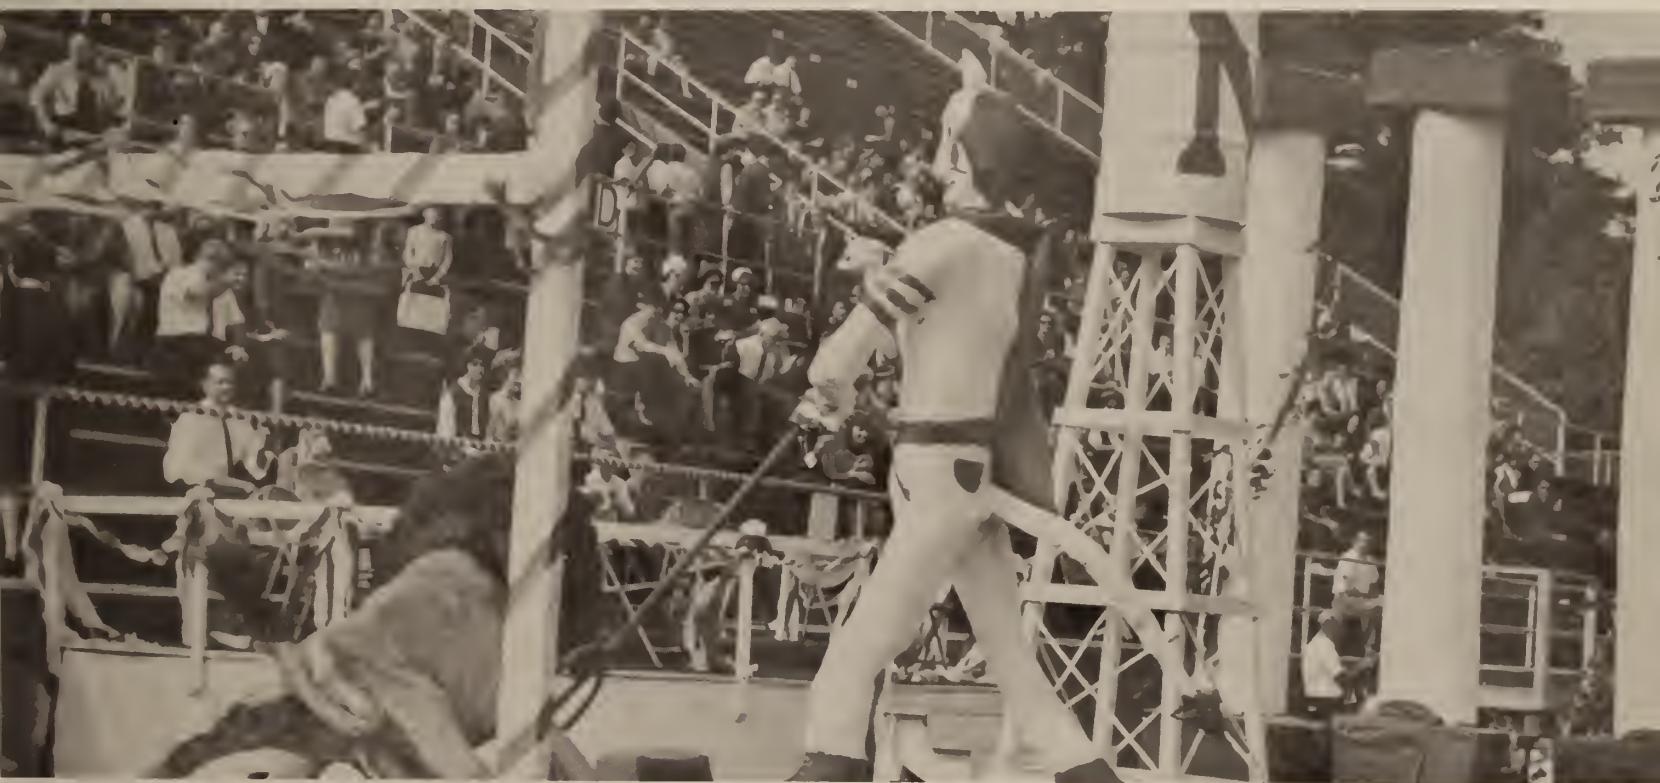

That's right, Mrs. Hendrick, get him in the ribs!

"How noble of you Joe . . . to leave the Beatles just to cheer for NSC."

A FEVER ON CAMPUS

What's football without bonfires and floats?

"Us DEMONS train young."

D — E — M — ONS . . .

"Maybe they can't hear me, Joe, but they sure can see
me."

"Wish the parade would hurry . . . the sun is in our eyes."

"Now when I was a cheerleader . . ."

B.P., are you practicing for cheerleader try-outs?

THE BIG WEEKEND!

Here comes NSC's most loyal fan!

"You were great, honey."

New to NSC this year . . . the Saturday-night hootenanny.

Some students prefer "intellectual" entertainment.

Now what were we discussing? Oh yes, HURRICANES.

STUDENT LIFE

As the big rush and excitement of fall lessen, a change of activity may be noticed over campus. Out of the crowds, students scatter among various smaller groups or organizations through which they can develop new interests or renew old interests.

"Baby, for you I'll play anything!"

"Shake it out, baby!"

"I have your name, but what's your phone number?"

"Yes, cross my heart."

"Thought you weren't ticklish."

ON AND OFF CAMPUS

Who says we can't have our own hootenanny?

SOCIAL LIFE

"Sure was a great game . . . Now where would you girls like to go?"

There were new "twists" to learn.

Baby, what you haven't got . . .

"Please, may I have this dance?"

ON CAMPUS

... you don't need!

Wake up, Maureen, you're missing all the fun!

"Is this the way you do it?"

Claude always makes up his own twist.

ADMINISTRATION

PRESIDENT

We learn from our POTPOURRI that students of Northwestern State College work and play with vim and good humor. The visual record of the years proves that many forms of our college life have changed greatly. We operate in a new social order.

One outstanding aspect of this is the unprecedented provision of opportunities by others. Let us resolve that we shall be worthy of this goodness by achieving standards of excellence that will bring joy to our benefactors, respect from even our detractors, and above all growth of that quiet inner strength of self without which no man or woman really lives.

Chosen from a field of thirty semi-finalists, Miss Sherry Boucher was named the 1964 Lady of the Bracelet in a pagent sponsored by the POTPOURRI. Miss Boucher is a freshman speech major from Springhill.

The judges for the pagent this year were Major General James Skeldon of Ft. Polk, R. J. Fertitta of Leesville, and Representative Burt A. Adams of Leesville.

The beauties were selected on the basis of poise, facial and figure beauty. The Lady of the Bracelet and her court are pictured in the order of their selection.

SENIORS

Concerning education Abraham Lincoln wrote, "I will study and get ready and perhaps my chance will come."

We the Senior Class of 1964 at Northwestern State College have reached this point or, one may say, the stepping stone that will give us our chance as mature adults and responsibilities that go along with being adults.

We are about to put all of our four years of study into use, and our big question is "will it work?" To prove ourselves by being successes in our respective professions is our challenge, and some of us may feel a little apprehensive.

We leave at Northwestern memories of mistakes, failures, and successes. We have profited from our mistakes and failures, and our successes have given us much needed encouragement. We look forward to an entirely different life with even more things to learn from our mistakes, failures, and successes.

These words found in our Alma Mater express our sentiments at this time:

"We know not here our paths may go,
But thou'l't uphold us still we know."

One should never quit before a job is completed and should never start something he doesn't fully intend to carry through. We, the members of the junior class, are rapidly approaching the goal on which we set our sights three years ago and are pleased to know that soon our intended destination will be reached.

The activities of this year have been a major factor in molding our lives and in preparing us for a productive life upon completion of our academic pursuits. Knowledge is the key to success, and application of what we have learned at Northwestern State College may enable us to realize our ambitions in life.

Oh, yes, you can browse around and pick up a living without an education, but even a jackass, to be of any use in the world, must be trained.

SOPHOMORES

The class of '66 has dwindled in numbers tremendously since the fall of '62. However, the decrease in quantity was by no means accompanied by a decrease in quality.

The fall semester of 1963 was a good one for the sophomore class. The class members have "settled down" to academic pursuits with their eyes on accomplishments; they have become accustomed to their new role as sophomores, and they have made new friends and renewed old acquaintances. Many sophomores are also pursuing extracurricular and social activities. These sophomores have truly developed into well-rounded college students.

With funds derived from class dues, the sophomores hope to do something different from what has been done with this money in the past. The class hopes to give a scholarship to some worthy student or to donate something of worth to the alma mater. Does this not exemplify true unselfishness indicative of young Americans of the type that our country needs?

The pause that refreshes

FRESHMEN

The year 1963 will be remembered by everyone, including the Freshman class, for there have been many new challenges to face, and the future holds more.

In the beginning we felt the agony of defeat, the loss of "Chief Caddo", the loss of the "Banner", and the loss of G.S.C. We realized that these were only material symbols, and that the future held more.

As time progressed, and with the loss of our national leader, we found ourselves in a crushed world. But as time went by, and our nation's wounds healed, we realized that the future held more.

Now with this new year, we move toward our goal with renewed strength and belief, and with the completion of our Freshman year drawing near, we thank God for seeing us safely thus far, and helping us realize that the future holds more.

ATHLETICS

THE 1963 FOOTBALL

The Northwestern Demons, defending Gulf States Conference champions, finished the 1963 football season with a record of 4-6. The Demons, who were heavily favored to repeat as G.S.C. champs, had the material to win but just couldn't find the torch to light the way to victory.

A little overconfident and cocky, the Demons ran into a determined Stephen F. Austin squad, couldn't get started, and had to return home the victims of a 10-0 upset. With a week to work out their problems, the squad traveled to Pineville to do battle with the always-dangerous Louisiana College Wildcats. The Wildcats were ready for the Demons and sent them home on the short end of a 13-7 score. With 2 defeats behind them the Purple and White settled down the following week and defeated the Northeast Indians in a G.S.C. game, 27-19.

October 12, the Demons traveled to Abilene, Texas, to battle the powerful Abilene Christian Wildcats. Although the Demons played hard-hitting football, the Wildcats were just a little too much for the Demons and came out on top of the 28-18 score. With school spirit and team morale high the Demons were ready to do battle with the Louisiana Tech Bulldogs in the annual State Fair Classic. This year the Bulldogs were up in arms and ready for the Demons as they completely dominated the game and defeated Northwestern 27-13. After losing to Tech, the Demons celebrated Homecoming by defeating Florence State

33-14. After the victory over Florence State, the N.S.C. eleven defeated a powerful Appalachian team 33-20. The following week brought undefeated McNeese State to Natchitoches. McNeese, using the strong running of its backs and the strength of its line, defeated the Demons 21-14. The last two games were played on the road and the Demons split the two games, losing to U.S.L. 19-13 and defeating Southeastern 13-7.

There will be 10 seniors leaving the 1963 Demon squad. Departing will be Kenneth Hood, Johnny Ray Norman, Roy Gentry, Al Anding, John Wayne Odom, Herbie Smith, Jerry Burton, Glenn Talbert, G. W. Zachery, and Sammy Joe Odom.

RESUME OF THE 1963 FOOTBALL SEASON

N.S.C. 0

The Demons from Northwestern, defending G.S.C. champs, arrived in Shreveport in hopes of keeping "Chief Caddo" a property of the Purple and White. Overconfidence and a speedy Lumberjack eleven proved too much for the Demons and they returned home the victims of a 10-0 upset at the hands of the Stephen F. Austin Lumberjacks.

NORTHEAST 19

Playing their first home game of the season, the Demons from N.S.C. defeated the Indians from Northeast 27-19 in a conference battle. Claude Patrick was the leading ground gainer for the Demons as he ground out 80 hard yards. Bobby Parker and Ed Horton, Natchitoches High graduates, showed their credentials as Parker scored 2 touchdowns and Horton kicked 3 extra points. Glenn Talbert and Claude Patrick accounted for the remaining N.S.C. points.

A.C.C. 28

Northwestern took the long trek to Abilene, Texas, for a game with the Abilene Christian Wildcats. Quarterback Donald Beasley connected on a 51-yard pass to Glenn Talbert and a 15-yarder to Roy Gentry for scores. Glenn Talbert scored the

final Demon touchdown on a 22-yard scamper through the tough Wildcat forward wall. The Wildcats were too much for the scrappy Demons and were the victors, 28-18.

LA. TECH 27

The name of Billy Laird will be a name that members of the Demon squad will long remember. In the annual battle fought at State Fair Stadium in Shreveport, the Purple and White from N.S.C. found it next to impossible to stop the aerial attack of La. Tech. This was a game needed by the Demons if they were to keep their G.S.C. hopes alive, but the high-spirited Bulldogs pulled the rug from under the Demons early in the game and were never in serious trouble.

FLORENCE STATE 14

Before a packed house, the Demons of N.S.C. treated the Homecoming crowd to a tremendous exhibition of offensive power and defensive stability. Glenn Talbert brought the crowd to its feet as he took the ball on the second play from scrimmage and rambled 66 yards for the game's first touchdown. Talbert scored again on a 66-yard pass from Don Beasley, quarterback for the N.S.C.'s white unit.

APPALACHIAN 20

The Mountaineers from Appalachian, North Carolina, ran into a tough Northwestern football team and came out on the short end of a 33-20 score. It was a big win for Northwestern and gave the hometown folks a gleam of hope that better days were on their way. Glenn Talbert brought the crowd to their feet as he streaked 62 yards

for a touchdown. Talbert also scored on runs of 16 and 10 yards for a total of 98 yards on 6 carries and 18 points.

McNEESE 21

It was a dark day at Northwestern when the Cowboys from McNeese State rolled into town with their undefeated team to take on the Demons from N.S.C. Northwestern was up for this game and played the Cowboys on even terms but just couldn't stop the powerful McNeese attack.

SOUTHEASTERN 7

Needing a victory over Northwestern to tie for the G.S.C. championship, the Lions from Southeastern played host to the unpredictable Northwestern Demons. Northwestern, led by Bobby Parker and Glenn Talbert, played the roll of spoilers as the Demons defeated the Lions 13-7. Glenn Talbert and Ed Horton scored touchdowns for N.S.C.

Monty Ledbetter tries out the blocks

Coach Walter Ledet has a very fine group of athletes in the fold this year. Having placed fourth in the G.S.C. last year Coach Ledet has done a fine job of recruiting in an effort to better last year's showing.

A big boost to the Demon squad was the addition of Amos Gradjinovsky who was born in Tel Aviv, Israel. Amos competed in the 1960 Olympics, representing his homeland, Israel. Another outstanding addition was Glenn Ermatinger who, in his first meet as a Demon, set a school record, broke the meet record, and bettered the existing G.S.C. record when he heaved the javelin 241 feet.

Returning for the Demons is the versatile Monty Ledbetter. Monty is a consistent winner in the 100-yard dash, the 200-yard dash, high jump, triple jump and runs on the relay teams. Joining Monty is another point-getter for Northwestern, Brent Womack. Brent participates in four events and usually places in the top on all four events.

The Demons are a well-rounded team and should place very high in the Gulf States Conference this year.

GYMNASTICS

Having been hit hard by graduation, the Northwestern gymnastic team has initiated a program of rebuilding. Under the guiding hands of Coach John Marcinko, the team is making great strides toward the prominent position they once held in the field of gymnastics here in Louisiana.

Coach Marcinko is making great progress in his pursuit to build a strong gymnastic program here at Northwestern. He uses a program that calls for all-out participation of the entire squad. Included in his program is an all-out search for more meets that his team can enter.

Missing from last year's squad are David Greer, Randy Curry, Bill Lindsey, Wayne Simmons, Doug Harkness, and George Turnage. Assisting Coach Marcinko this year is Bill Pearson, who is working on his Master's degree.

GOLF

Coach Knecht and his Demon linksters are looking forward to one of the best seasons experienced by Northwestern golfers. Last season the golf team placed third in the G.S.C. and finished the season with 6 wins, 3 losses, and 2 ties.

Members of this year's squad are Don Scott, Dennis Schlegal, Joe Data, Jimmy Bowen, and John Scott. Don Scott, who is from Alexandria, La., is shooting in the number-one position this year for the Demons. Shooting in the number-two spot is Dennis Schlegal, who hails from Bossier City, La. A newcomer who is making quite a name for himself is Joe Data, who lives in Deepwater, New Jersey. Jimmy Bowen, a seasoned performer, and John Scott round out the Demon squad.

Robert Flagler, who led last year's squad with a blazing 74.3 medal average, did not return to school this year and left a big gap for Coach Knecht to fill. Also missing from last year's squad are Gilbert Broussard and Jimmy Smith.

Lt. Colonel L. E. James, Infantry, Professor of Military Science and Tactics.

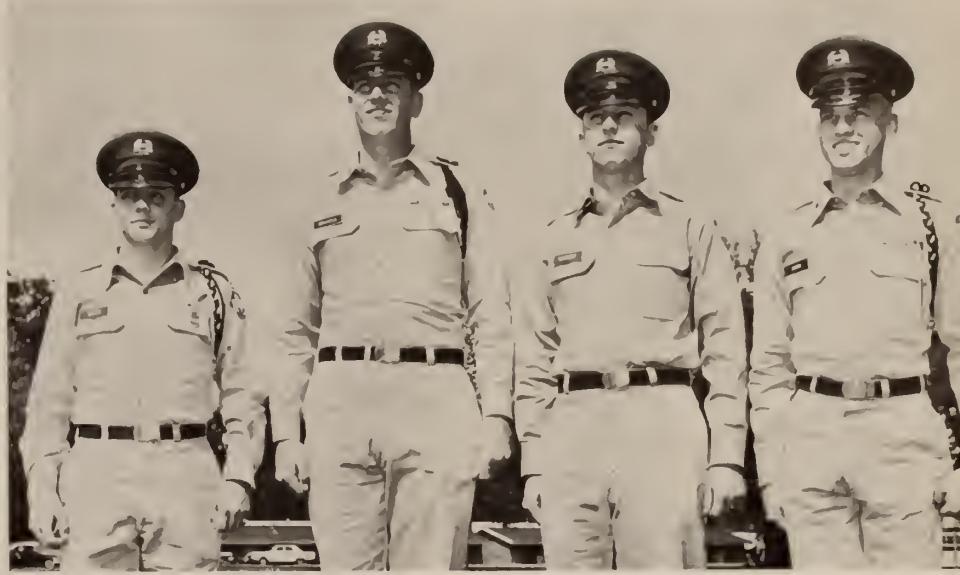

During this, its thirteenth year on campus, the Reserve Officer's Training Corps has again taken an active part in campus affairs. These activities include: taking part in the intramural sports program, producing a float for the Homecoming Parade, and many others. The Corps, through its rifle team, and the Black Knights drill team, has helped to spread the good name and reputation of N.S.C. far and wide.

Besides being an active part of campus life at N.S.C., the R.O.T.C. also plays an important part in the defense of our country. This is done by the graduating of some of the sixteen thousand men who annually become Second Lieutenants through the R.O.T.C. plan.

Company Commanders, left to right: Cadet Captain Donald Smith, Headquarters Company; Cadet Captain Perry Brasell, Company A; Cadet Captain Robert Gimbert, Company B; Cadet Captain Cecil Chopin, Company C.

Although the Corps this year is relatively small, the staff and company commanders are of the opinion that this year's class will still have the same high quality of all the previous graduating classes of Northwestern.

An interesting point in this year's Corps is that while the Corps Commander is from out of state, the four company commanders are all from hometown Natchitoches.

BLACK KNIGHTS

The Black Knights, Northwestern's widely known drill team, has enjoyed another successful year of competition. This year, under the able leadership of the commander, Leonard Miller, the squad leaders, Arthur Sutherland, Perry Brasell, Arthur Simonson, and M. J. Gaspard, and their advisor, Major Raymond A. Hopkins, the Knights thrilled crowds of people with their displays of precision marching movements and expert rifle manuals.

Living up to their reputation of being one of the sharpest marching groups in the South, the Knights won the first place overall trophy at the Fifth Southern Invitational Drill Meet in Baton Rouge against such schools as Loyola, Tulane, L.S.U., and Texas A.&M. Also included in this year's activities were the Marde Gras Parade in New Orleans, and other parades in Shreveport, Natchitoches, and the surrounding area.

This year Miss Marjorie Regions was elected Black Knights Sweetheart. She succeeds Miss Cheryl Sue Kyle.

The Northwestern State College Panhellenic Council strives to promote scholarship, high character, a better understanding of the Greek world, and harmony among the Greek organizations.

A member of the National Panhellenic Conference, the Northwestern Panhellenic Council serves as the governing body of the four N.P.C. sororities on campus.

Locally, the N.S.C. Panhellenic Council sponsors many campus projects, including a convocation for Freshman girls and an all-Greek Christmas Carol Sing. The council also encourages scholarship among all women by presenting a Freshman Scholarship Award each year. Mrs. Lucille Hendrick, Acting Dean of Women, is advisor.

INTERFRATERNITY COUNCIL

The Northwestern State College Interfraternity Council was organized to fulfill four objectives: to promote harmony and a cooperative relationship among the four social fraternities on the N.S.C. campus; to foster and maintain a high respect for fraternity and interfraternity relationships within our college; to maintain high scholastic, moral, social, and personal standards, and to compile and enforce rules for the improving of the fraternity system on campus.

The goals of the 1963 Interfraternity Council were membership in the Southeastern Interfraternity Conference; the establishment of an Interfraternity Intramural League with a rotating trophy to go to the fraternity with the highest total points at the end of the year; the improvement of closed rush in the fall semester; and, in coordination with the Panhellenic Council, establishment of the annual Greek Day during the spring semester.

Mr. Leonard Nichols, Dean of Men, is sponsor.

Sixty-two years ago on November 15, at Longwood College in Farmville, Virginia, five young women established the first chapter of Alpha Sigma Alpha. Pledging themselves to spiritual, physical, intellectual, and social development throughout their lives, they never dreamed that their sisterhood would spread to colleges and universities throughout the nation. Today, the letters ΔSA grace the doors of over forty chapters in the United States.

On the Northwestern Campus in 1930, Psi Psi chapter was established. Sorority life is the growing and sharing, the planning and excitement of rush, parties, meetings, problems, and friendships. The awards, conventions, and sending the proceeds of the annual magazine sale of Alpha Sigs to the crippled children's foundation in the national philanthropic project exemplifies their founders' pledge.

"I'm so glad you could come!"

Sigma Kappa Sorority was founded on November 9, 1874, at Colby College in Waterville, Maine. The national organization is 101 chapters strong on the undergraduate level, with 200 alumni chapters. Total national membership of Sigma Kappa exceeds 36,500.

Delta Mu chapter has had an eventful year, beginning with the rush parties, and climaxed by the annual Spring Formal. This year, Delta Mu's entry in the homecoming float competition captured third place. Miss Jimmie Carol Still is the chapter's sponsor.

Sigma Kappa's philanthropy program included the supporting of the Greek School for Girls in Greece, and the Maine Sea Coast Mission. In Natchitoches, the sorority gives a birthday party each month for senior citizens at the Natchitoches Nursing Home.

Sigma Kappa can be identified by her jewel, the pearl; her flower, the violet; and her colors of maroon, which is symbolic of Truth, and lavender, symbolic of Purity.

Since its beginning in Farmville, Virginia, on April 20, 1898, Tri Sigmas have been dedicated to academic progress, formation of enduring friendships, high ideals of personal conduct, and service to others. The sorority is a member of the National Panhellenic Conference and embraces forty-nine states and the District of Columbia with a membership of nearly 30,000. All of the sisters in Sigma Sigma Sigma are a warm, friendly, lovable group of girls who believe, "To receive much, one must give much."

Living up to their beliefs, Tri Sigma sisters contributed to their national service project, the Robbie Page Memorial Fund. Summer workshop, rush, slumber parties, and the traditional spring formal have also given the sisters unforgettable moments.

From the Glory of the South shine the eighty-two chapters of the Kappa Alpha Order, representing over 42,000 members, steeped in the traditions of the Southern gentleman and the Southern way of life.

Kappa Alpha was grounded on the NSC campus in 1959, as Kuklos Adelphi local. In March of 1963, Gamma Psi Chapter was chartered at Northwestern. Kappa Alpha Order was founded at Washington College, now Washington and Lee University, on December 21, 1865.

In the fall of 1963, Kappa Alpha completed its new Chapter House on a hill overlooking the campus. Kappa Alpha was the leader in establishing the new Fraternity and Sorority Row at NSC.

Miss Rennie Clark, a sophomore from Shreveport, reigned as Kappa Alpha Rose for 1963. Our new Rose was announced at our annual "Old South" Ball held in early May.

Mr. Joe Lewis of Natchitoches is our Alumni Advisor and Mr. William Culp, a professor in the Social Studies Department, is our faculty advisor.

Pi Kappa Phi, a national fraternity, emphasizes scholarship, participation and initiative in school and fraternity activities, and also ties among its brothers.

The highlights of Pi Kappa Phi's social gatherings is the "Rose Ball." Special features of this are the naming of the "Rose," and the selection of the "Outstanding Pledge" for the previous semester. In the spring, Pi Kapps gather for their annual Spring Barbeque at Gum Springs for a fine feed and the pledges' yearly dunking of the members. No Pi Kapp's year would be complete without the Pledge-Member football game and the presentation of the traditional "Victory Keg."

In addition to its social calendar, $\Pi\kappa\phi$ emphasizes service to the community and participation in school activities. Its members actively participate in student government and each year conduct the *Heart Fund Balloon Sale*.

$\Pi\kappa\phi$ fraternity was founded on December 10, 1904, at the College of Charleston, South Carolina. The official colors of the chapter are gold and white.

Paul Rochette gives a few whacks to a pledge.

The oldest national fraternity on campus, Sigma Tau Gamma begins its thirty-fourth year of social and academic leadership on Northwestern campus.

Sigma Taus stress academic and social development, and the evidence of accomplishment can be seen in almost every phase of activity on campus.

The highlight of this year's social function is the annual "White Rose" Ball when the "Rose" of the fraternity is presented. Other major events included, Stephen F. Austin dance, Tech Dance, Christmas Dance, hayride and barbecue, suppressed desire party, Homecoming dance and the founders' day banquet.

Several annual civic projects undertaken by the Sigma Taus include working on the historic Lamee House and collecting money for the American Cancer Society.

The continued growth of Nu chapter is due to the true brotherhood and the quality of members that make up the largest fraternity on Northwestern's campus.

TAU KAPPA EPSILON: "Fraternity for Life."

Purposes, ideas, leaders, flowers, a glorious history is our once local fraternity, Lamba Zeta, are what have made and will always make Tau Kappa Epsilon outstanding on this campus.

Recently initiated Dr. Floyd Noel, who is head of the geology department here at Northwestern, is an outstanding member and our very capable sponsor.

TKE is well known on campus for its various social events; for example the Fall Formal, the Bar-Fly, and various semi-formal weekend parties following athletic events.

At various athletic events, especially football games, the traditional TKE Bell has become a symbol of Northwestern in creating spirit.

Tau Kappa Epsilon is one of the youngest international fraternities. It is now the largest international fraternity chapter-wise; there are 208 chapters with over 37,000 members.

Alums and actives look over TKE scrapbook.

Vice-President of Men

Mr. Dudley G. Fulton, faculty sponsor for the Student Council.

STUDENT COUNCIL

The primary duties of the Student Council have been to provide for the general welfare of the Student Body, to legislate on matters necessary for the supervision and coordination of student activities, and to serve as a link between the administration and Student Body.

The Student Council has undertaken a number of projects to benefit the students this year. These projects include printing and making available to every student a student directory, the construction of a waterfront and beach on Chaplain's Lake, the construction of a new entrance to the college, and the sponsoring of various entertainment programs and dances throughout the year. These projects were successful because of the hard work of the council members and the support of the student body.

On behalf of the Student Council I would like to thank all of the people who have contributed their time and talents to make this year very enjoyable and successful. By the combined efforts of students and faculty, Northwestern has grown in spirit and in character.

Sincerely,
Hayward "Sonny" Hargrove

The 1964 Associated Women Students

The Associated Women Students is composed of all women students on campus and is a member of the Intercollegiate Association of Women Students. Elected representatives from each residence hall serve on the A.W.S. Council through which the women have a voice in their government. Through its activities the A.W.S. aims to create an attitude of intellectual, social, and spiritual growth among women students. To develop a sense of self-responsibility, to instill a spirit of cooperation and friendship, and to uphold high social and academic standards among the women of the college is a true aim of A.W.S.

Varied activities to help carry out these aims are the A.W.S. Freshman Parties held in each dormitory and the Sophomore Counselor Program. The all-college Howdy Dance, Wednesday Night Short Dances, and the Valentine Dance, as well as the Christmas at Home Reception, are outstanding projects of the A.W.S. The year is highlighted by the election of new A.W.S. Executive Officers who are presented at annual A.W.S. Honors Banquet in the spring.

ASSOCIATED MEN STUDENTS

MR. HAL TOWSEND
Faculty Sponsor

The Associated Men Students, in its seventh year as an organization at N.S.C., has been noted as an effective part of the college. Its membership is composed of men students who live in residence halls on the campus. Each of these members must maintain a "C" average. The main objectives of the Associated Men Students are as follows: First, to promote, in co-operation with the college administration, the general welfare of men students at N.S.C. and, in particular, the welfare of men living in residence halls on the college campus. Second, to serve as a means of expression of opinion for men students. Third, to instill in men students a sense of good citizenship, true sportsmanship, and mature responsibility. Fourth, to uphold high standards of conduct and scholarship among students.

THE 1964 POTPOURRI STAFF

MR. EARL COULON
Faculty Advisor

The 1964 POTPOURRI is presented to you, the Student Body, by the POTPOURRI staff. We have strived to portray you, the NSC student, as you study and play, work and dream.

The POTPOURRI is the yearbook of the student body of NSC, entirely financed by them. Shreveport Engraving Company prepares our photographic copy, and Benson Printing Company of Nashville, Tennessee, does the art work, layouts, and publishing. Three students—the editor, Pat Cooper, associate editor John Waffenstette, and Steve Blount, the business manager—receive working scholarships.

The POTPOURRI sponsors several awards throughout the year: the beauty court, reigned over by the "Lady of the Bracelet;" the POTPOURRI Court; dedication of the book to a person who has displayed loyalty and interest "beyond the call of duty" to NSC, and outstanding staff awards to members of the POTPOURRI staff.

TOWN ASSOCIATED WOMEN STUDENTS

The Town Associated Women Students is made up of all women students who live off-campus. The TAWS officers also serve on the A.W.S. Council. The main purpose of TAWS is to keep members informed concerning activities on campus by working closely with A.W.S.

Left to Right: Joanne Salter, Mary Frances Lowe, Irby McCan, Rebecca Alphin, Betty Duggan.

JUDICIARY BOARD

The Judiciary Board of the Associated Women Students is composed of two A.W.S. officers: the vice-president, who serves as chairman of the Board, and the corresponding secretary. Three other members appointed by the President of the Associated Women Students and the Dean of Women are appointed to represent the Senior, Junior, and Sophomore classes. The president of the Associated Women Students serves also as an ex-officio member of the Board.

The Board serves as a "hearing" group for any woman student who violates an important rule or regulation. It is the duty of the Judiciary Board to see that all regulations pertaining to women students are functioning effectively, to investigate all instances of non-observance of regulations that come to its attention, to determine whether the instance constitutes a case of behavior failure, and to assist the individuals concerned in making satisfactory adjustment.

STAFF ASSISTANTS

The Staff Assistants Program helps the House Directors in the women's residence halls. These girls serve as receptionists in the residence hall offices and also help the students in the building to observe residence hall regulations. Staff assistants must have a high scholastic average and be at least of sophomore standing. Selection for this position is made by the Dean of Women and her staff on the basis of efficiency, dependability, and co-operativeness.

The Sophomore Counselor Program is designed to help freshman women become adjusted to college life, college and residence hall regulations, and to help them attain a high academic standing. Sophomore Counselors are selected to this honorary position on the basis of scholarship, leadership, personality, and character.

The monitors in the men's dormitories function in much the same way as the sophomore counselors. Applications are filed in the office of the Assistant Dean of Men, and each applicant is interviewed by Mr. Townsend, the Director of Men's Housing. Each monitor must have at least a "C" average; however a "B" average is preferred. The house directors in the dormitories then approve the applicant's personality, leadership, and character.

This year marks the 50th anniversary of the *Current Sauce*. In this half-century the paper has made many advancements and participated in numerous activities. Much progress and growth have been registered this year under the editorship of Robert Gentry. The first issue of the *Sauce* was dated February 19, 1914, with Mrs. Hearne Harper as editor. The editorship was rotated every quarter in the beginning and Mrs. W. Russell Boyette, Jr., now of Shreveport, became the second editor.

During this year Edwin W. Rice has served as faculty advisor, while Roy G. Clark was away working on his doctorate. Some 500 additional papers published each week, an increase in the advertising, and the selecting of a "Miss *CURRENT SAUCE*" for the first time, have been effected.

The 50th anniversary year was climaxed with the annual *Sauce* banquet on Saturday, May 2. Superintendent of Education-Elect William J. Dodd, a former *Sauce* sports editor, was the speaker. Dr. John C. Merrill, acting head of the journalism department at Texas A&M and a former *Sauce* advisor, also spoke.

The *Sauce* sponsored two mock elections during the year, and conducted a "best dressed coed on campus" contest. Also the paper won top ratings from the Associated Collegiate Press for the Fall and Spring semesters.

During the year the editor and his staff have attempted to carry a balanced presentation of the news, with something for every reader, including liberal use of pictures and improved make-up. The editorial policy has been forceful, yet reasonable and responsible.

CHEERLEADERS

Eagerly waiting to lead the Demons onto the gridiron; yelling, clapping, jumping and screaming before the student body; encouraging all the fans to participate in the excitement; riding the Demon head around the field—these are part of the duties and privileges of the cheerleaders of Northwestern.

The 1963 season has been one of work for the cheerleaders. They have been busy decorating the goal posts, practicing for new yells, and making trips to Shreveport, Pineville, and Lafayette.

Back for their second year are Head Cheerleaders Lucy Joiner and Sam Lucero, both of Shreveport. The other upperclassmen are Jeannie Marler, Alexandria; and Joe Butler, Plain Dealing; and the freshman cheerleaders are Carol Allen, Elton; and John Allison, Pineville. The official Demon mascot was Arthur Jones of Baton Rouge.

"Wow! What a job."

THE DEMON BAND

Band Directors Edward Tarratus and Dwight Davis

Demon Marching Band presented outstanding shows at all home games and at the half-time period at the Louisiana College game in Alexandria and the annual NSC-Louisiana Tech game. The band also participated in the 1964 New Orleans Mardi Gras parade.

During the concert session, the band turned to heavy classical numbers, mixed with light novelty pieces.

As a good-will gesture the band traveled on tour to various high schools throughout the state presenting programs to give these high school students an idea of the band program at NSC and encourage them to join us when they arrive at Northwestern State College.

Following shortly after the tour, the Formal Band concert was presented in the Fine Arts Auditorium. At this performance most of this year's repertoire was presented. Bringing our concert season to a close were the pop concerts open to the college free of charge.

As the closing highlight of the year, our annual Band Banquet was a success. At this social function special entertainment, good food, and presentation of awards is the order of the day.

All in all we have really enjoyed ourselves and are looking forward to another great year.

The Demonettes, predominated by freshmen, have delighted the 1963-1964 home people and football fans with their outstanding showmanship during half-time periods and various parade exhibitions.

The 1963-64 Demonettes have experienced a very happy and successful year as a talented group on the NSC campus.

All of their performances have been based on complete group participation rather than that of the individual or individuals who may have been featured.

The originality within the group has been outstandingly obvious in that it never repeated a routine during the entire football season.

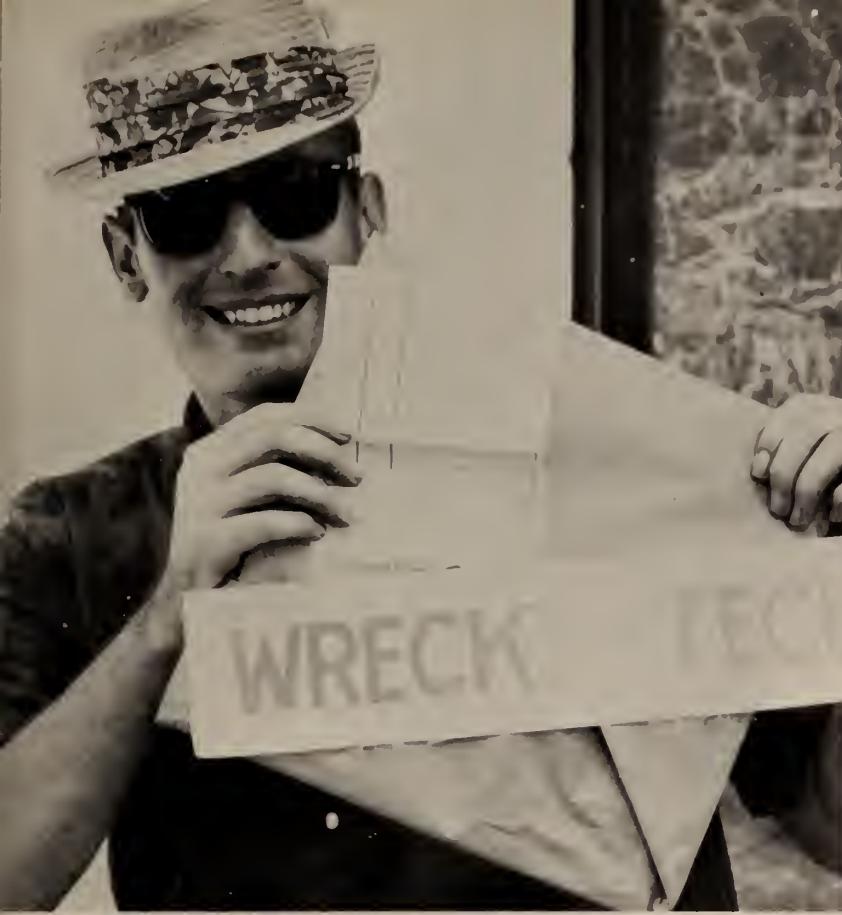

Football fans were thrilled with the fine field performances presented by the Demonettes.

The spirit and enthusiasm of these Demonettes will not soon be forgotten.

PURPLE JACKETS

Janie Jones, President

Dressing for service . . .

The Purple Jackets, an organization founded by President V. L. Roy in 1927, was the first honor club established on the campus. Clad in purple and white colors depicting service and loyalty, the Purple Jackets have become a living tradition as hostesses at all events on the college campus.

The Purple Jackets serve willingly and tirelessly in their positions and are kept on the move throughout the school year in various campus jobs. Included on their agenda are: assisting in registration, aiding with the annual Homecoming coffee, and acting as hostesses at all Fine Arts events, plays and programs. Given but a short notice, Purple Jackets work vigorously at whatever they are called to do. During the year, they take time out to sponsor the annual Purple Jacket Revue, featuring the best of campus talent.

The membership of the club is limited to 21 active members. Each spring at the Purple Jacket calling, women students are chosen as new members who have demonstrated good scholarship, good character and personality, and a spirit of cooperation and unselfishness in serving the college.

The honor of becoming a member of the Purple Jackets is one of the greatest accorded to a woman student at NSC. Miss Eve Mouton serves as Faculty Sponsor of the group.

BLUE KEY

The Northwestern State College chapter of Blue Key National Honor Fraternity was born in 1959 as a local service organization known as the Blue Feather. Members of the administration, realizing the need for a men's service unit, selected a group of junior and senior students who met Blue Key requirements and formed the local service fraternity. The group ultimately petitioned the national organization and were initiated in the spring of 1959.

The eighteen student members of Blue Key arrived on campus this year almost before anyone else, to begin their work. Working at the semester registrations, serving as ushers at the various campus programs, providing good weekend movies for the students, decoration for Homecoming and Mom and Dad's Day, and conducting the annual summer Cheerleader's Clinic, all comprise the major functions of this small group. The fraternity stands "on call" constantly for many other functions too numerous to mention.

Membership in Blue Key requires an overall 2.5 average (on the four-point system), membership and officership in at least two campus

organizations, and a final majority vote of the chapter members. An annual "tapping" of new members is held each spring, in conjunction with the Purple Jackets, in an all-college assembly.

This year, Miss Joyce Daw, a senior Bacteriology major from Logansport, was elected the fourth NSC Blue Key Darling.

Membership in the Blue Key is an honor well recognized among the students of NSC.

"Blue Key in Action"

N. C. S. CHORUS

The Northwestern Chorale is the leading choral group of the college. Performances throughout the year include an annual appearance at the Christmas Assembly, campus concerts at Christmas and in the spring, a spring tour of the state, and a major production such as a musical comedy or an opera. During the 63-64 season the Chorale also sang for the dedicatory service of the Wesley Foundation building, and appeared with the Shreveport Symphony in two concerts of Honegger's "Jeanne d'Arc au Bucher." The performances of the oratorio in Shreveport in December were the highlights of the year and received high praise from critics. The appearances marked the first time a college choral group has sung with the symphony in a major choral presentation.

Open by audition to any student on campus, the Chorale is a credit class meeting five days each week. Other choral groups available to students are the Women's Glee Club and the Madrigal Singers.

SYMPHONY ORCHESTRA

The Northwestern Symphony Orchestra was first organized in 1913 and had a membership of about twenty. Since that date it has grown steadily in number and quality of performance.

The Symphony Orchestra is truly a community organization in that its members include elementary, high school, and college students as well as college faculty and townspeople. The group presents four to six concerts during the academic year—two public concerts and two Young People's Concerts for the school children of Natchitoches and nearby towns—and also provides music for the spring semester commencement exercises.

Various musical groups on campus function to give the students and faculty, jazz, dance music, and marches. It is the purpose of the Northwestern Symphony Orchestra to contribute classical and semi-classical music, and so it does under the able direction of Dr. Joseph Carlucci.

DEBATE CLUB

The NSC Debate Club, which was fanned into existence in 1957, is open to all students on the campus who express an interest in the activities of the organization. Under the capable direction of Mr. Donald Graham, the club provides organized participation in competitive speech activities on an inter-collegiate basis.

During the seven years of its existence the organization, through its exemplary accomplishments in the numerous fields of competitive and public speaking, has really brought credit to our campus.

One of the highest awards is the outstanding debater award which is presented each year to the debater who earns a letter in the activity by attending one-half or more of the scheduled tournaments. The award is voted by those on the squad who have earned their letters during that season. The outstanding debater is a peer-group award. It represents those attributes of the debate activity which might be regarded as the purpose and justification of the program.

DAVIS PLAYERS

Since its beginning in 1925, the Davis Players has become the oldest official dramatic organization on campus, striving always to develop talent and cultivate a taste for the best in drama. Club membership is limited to thirty, with invitations to membership being extended only to those students whom the club feels have a sincere interest in theatre, as demonstrated by their participation in College Theatre.

Proud of the traditions of College Theatre, the Davis Players work with dedication, enthusiasm and perseverance to uphold its high standards. Symbolic of their efforts are this year's productions. Beginning with "My Sister Eileen" and "The Heiress" during the fall, the year was climaxed with the spring production, "The Taming of the Shrew," produced in conjunction with the 400th anniversary of the birth of William Shakespeare.

Because of the interest and standards of quality displayed, the Davis Players was instrumental in securing the Northwestern Chapter—Delta Eta Cast—of Alpha Psi Omega, the largest national honorary fraternity for college dramatics. Membership in this fraternity is the highest honor bestowed in dramatics at Northwestern.

The Baptist Student Union is the Baptist Church ministering to the college community. The B.S.U. at Northwestern came to be in 1927 and is sponsored by the Southern Baptist Convention. In its membership are all of the Baptist students on campus. It functions to remind each student of his responsibility to Christ, his church, and his denomination, and of his obligation as a Christian citizen to the world in which he lives. The Baptist Student Union strives to deepen the spiritual lives of its members by enlisting them in the activities of the local Baptist churches. WESLEY FOUNDATION

The Wesley Foundation is a part of the Church Universal at work on the college campus. Our purpose is to cultivate a growing Christian Faith in the lives of individuals who make up the college community.

We feel that our Christian Faith challenges us to worship, witness, study, and join in fellowship.

The Wesley Foundation is sponsored at NSC by the Methodist Board of National Missions and by the Methodist Churches of Louisiana. The council members who appear on this page guide the program of the organization. Activities are held at the Wesley Foundation Building under the supervision of an ordained Methodist minister.

The Newman Club is an organization of Catholic students of non-Catholic campuses. Its purpose is threefold: to strengthen the religious, to deepen the intellectual, and to enrich the social life of the college student.

The Newman Club at Northwestern State College, in conjunction with the St. Thomas Aquinas Catholic Student Center, accomplishes these three ends with the presentation of a complete program of religious services, various non-credit courses—such as theology, philosophy, apologetics, basic Catholic doctrine, marriage, and others—and many varied social activities. The major function of the Newman Club is to help the Catholic student pursue his studies in a Christian way.

KAPPA DELTA PI

Kappa Delta Pi, an honor society in education, was organized in 1911 for the purpose of encouraging high professional, intellectual, and personal standards and to recognize outstanding contributions to education. Those people who exhibit commendable personal qualities, worthy educational ideals, and sound scholarship are invited to membership. Kappa Delta Pi endeavors to maintain a high degree of professional fellowship among its members and to quicken professional growth by honoring achievement in educational work.

Gamma Phi, begun on the NSC campus in 1934, annually presents programs in which guest speakers from the various departments on campus are called in to speak on projects in which they are involved. For the third consecutive year, Kappa Delta Pi served as co-sponsor with the four honor fraternities on campus for the annual Honors Banquet held in the spring. At this banquet an award was given to the member who had maintained the highest scholastic average. At its own banquet in May, Kappa Delta Pi initiated new members into the society. This annual meeting brings together alumni and active members for a reunion.

ALPHA BETA ALPHA

Alpha Beta Alpha is the only national, co-educational, undergraduate Library Science fraternity in the United States. The major purpose of the fraternity is to serve as a recruiting agency for librarianship. The members are required to take at least six semester hours of Library Science.

Established on the NSC campus as the Northwestern State College Library Club on January 17, 1964, the professional fraternity was later renamed the Scharlie E. Russell Library Club. On May 3, 1950, the nationwide organization of Alpha Beta Alpha, the American librarians fraternity, was established with the NSC Club as Alpha Chapter. There are presently over twenty-five chapters in the United States.

CHI GAMMA PHI

In the spring of 1961, Chi Gamma Phi, physical science fraternity was inaugurated on the NSC campus to fill the definite need for a group to connect the branches of science and to instill a greater interest in modern science. Throughout the year guest speakers from all parts of the state attend and discuss everything from the electron microscope to the way a scientist lives in the modern world.

Besides these guest speakers, many of the students working on research projects are given the opportunity to explain them to the group. One of the most important functions is to exploit job opportunities in the field of science. There are also several social activities each year.

RADIO CLUB

The NSC Radio Club was formed to foster the hobby of "ham" radio. It is well known that the knowledge and skill of the amateur radio operator is an asset to the nation in time of war and peace. Amateurs stand ready to set up communications in time of disaster or any emergency. The Club has as its purpose to furnish an opportunity for persons interested in this hobby a place to meet and share their experiences with others.

The Club sponsors code classes and theory classes to help others to qualify for their licenses.

The transmitting equipment is accessible to all licensed hams and is under the trusteeship of Mr. Walter Weffenstette in the Industrial Education Department.

STUDENT NURSES GAIN PRACTICAL EXPERIENCE

Oh, Alma Mater here today,
We for thy lasting blessing pray,
We know not where our paths may go,
But thou'l't uphold us still we know.
Unchanging thou, 'mid changes vast,
Unswerved from ideals of the past.
Steadfast and true, our watch word e'er shall be—
To thee our Alma Mater Loyalty!
